

BioForum among the most important events of biotech and life-science in Europe

In times of economic slowdown, the economic growth of Poland, other countries of Europe, for biotechnological sector. Is not a surprise that BioForum, held for the ninth time in a boat, a city in Central European biotechnology Center. Trade fairs, exhibitions, seminars, workshops and hundreds of meetings biobiznesowych will that biotechnology, despite the global economic crisis, is well-we read in EuroBioFairs.

Published annually in addition to the European Biotechnology News - Euro BioFairs Compass chose **BioForum 2010 (Lodz, 19-20 May)** as one of the most important events of biotechnology in Europe next BIO-Europe Spring (Barcelona), BioMedica (Aachen) and NanoBio Europe (Münster) . 90 days before the BioForum several Western companies are interested in cooperating and developing business in the biotechnology, pharmaceutical and life science in the region of Central Europe. So far, their participation in this event has confirmed over 70 exhibitors from all over the world, and the number is rapidly increasing.

This year will be presented BioForum an even greater number of Institutes, which provide not only the achievement of ongoing research and development, but above all, through participation in BioPartneringu will be able to make long-term cooperation with partners, environmental science and business. BioPartnering carries the message BioForum 2010 - and to promote dialogue between science | business and LifeScience sector, crucial for sustaining the development dynamics of these two areas.

BioForum 2010 is an international platform to promote the business potential of the region of Central Europe in the field of biotechnology, pharmaceutical and life science. This year's edition is not available yet to BioPartnering - arranging a meeting earlier biobiznesowe (B2B) available to stakeholders biosektora.

BioForum Central European Business Forum of Biotechnology & Innovative BioEconomy together with associated events will take place on 19-21may 2010 in Lodz.
